Introduction to the Workshop
Objectives of this session

- Get to know each other and understand expectations for the training
- Present the agenda and learning objectives
Ice breaker

At your table:

1. Introduce yourselves
2. Share your previous experience in PDNA/DRF (training or assessments)
3. Calculate the years of recovery experience you have as a group
4. Agree on one key expectation for this training and write it on a post-it
5. Identify a rapporteur who shares the outcome of your discussion
Add as appropriate
Add as appropriate
Learning outcomes of training

- Understand the roles & responsibilities of the tripartite partners and Governments in implementing PDNAs and DRFs
- Follow the steps of the PDNA methodology
- Follow the steps of the DRF process
- Have the basic skills to support in-country assessments of a PDNA subsector and the design of recovery frameworks
