Social Protection Afghanistan

Gujarat, Ahmedabad

India

05-Sept-2018

Social protection in Afghanistan:

–   Ministry of Labor and Social Affairs leads this Sector.

Member ministries/ Authorities:

1-Ministry of Women Affairs

2-Ministry of Counternarcotic

3-Ministry of Ministry of Refugees and Repatriation

4-Ministry of Finance

5-ANDMA (Afghanistan National Disaster Management Authority)

6- CSO (central Statistics Office)

Continue..

- MoPH (Provides BPHS, Basic Health Packages)

- MoE, (Free Eudcation+Training)

- MoWA (Supports Vulnerable Women)

- ANDMA (Relief Assistance…)

What services we provide?

- Through MolSAMD provincial offices in 33 provinces we provide:

- CPAN (Child Protection Action Net Work) a coordination mechanism among all stakeholders

- Orphanages (covers orphan girls and boys, between age of 3-18)

- Kindergarten 2-6 yrs old boys and girls

- Day care center

- Rehabilitation Centers

- Social Safety Net (Cash Transfer to most vulnerable people)

Challenges:

– Lack of strong coordination among stakeholders

– Lack of concrete, accurate and update data

– Scarce Financial Resources (Budget Gap)

– Security issues

– Geographical issues (PEOPLE LIVE IN MOUNTAINS)

Challenges

- Current challenges

- Lack of awareness of people from natural disaster

- Non existence & absence of skillful individuals

- Lack of sufficient budget

- Absence of long-term plan to decrease the impact of preventative measures from natural disasters

- Security issue

- Increase of biological and hydro metro logical hazards

Solutions

- Provide training in provinces &villages and outskirts

- Hire skilled individuals

- Allocation of sufficient budget.

- Preparation and arrangement of long term short term strategies plans

- Preventatives measure's prior to occurrence of accident & phenomenon

Future challenge

- Increase of hazards in the villages

- Absence of technical and skilled staff in villages and out skirts

- Bad security issue

- Absence of tools to train them due to economic problems

- Lack of coordination, government and community

- Lack of coordination bet ween government departments and NGoS

- Development partners

Solution to future challenges

- predicted Hazards to be addressed

- Train skilled individuals for vulnerable regions /villages

- Security issues needs to be addressed

- All instruments that are required for public awareness or training must be provided ON TIME (ACCORDING TO AVIALABLE BUDGET)

- Coordination AMONG (all stakeholders) to be improved
